KLINIKUM FRIEDRICHSHAFEN**

An orientations guide for Klinikum Friedrichshafen

Welcome to Klinikum Friedrichshafen. At the Medical Campus Bodensee we provide care of patients in 11 specialized centres and two general health centres. The medical support is cross-location and interdisciplinary around-the-clock. We provide a holistic and family friendly service in cooperating our interdisciplinary team of specialists and modern technology. Nursing care is patient orientated. The individual needs of each patient are assessed and planned. Care is implemented to enable patient independence as soon as possible and as far as possible.
